Statement

I recently finished my BA in Design and Creativity and I am looking for full-time employment in the creative industry.

Over the past year I have been working as a freelance graphic designer and photographer whilst I completed my studies. I am a keen, ambitious and versatile individual who can work very well with others and also work well on my own. I have a very mature work ethic, always aiming to succeed, following instructions and guidelines but also having the initiative to keep working where appropriate.

When it comes to design I am very socially and ethically conscious. I believe as a designer it is our responsibility to ensure that our skills in visual communication are used in a means that is not harmful to others and that the work we do is honest and transparent.

Education

Dundee College/Robert Gordon University
September '10 – July '11
BA: Design and Creativity

Dundee College
September '09 – July '10
HND Visual Communication: Graphic Design

Dundee College
September '08 – July '09

Interests

In my spare time I enjoy listening to music, reading, watching movies, playing video games and cooking. I also try to be creative in my free time with photography and painting.

Experience

1414 Creative Design (www.1414.me)
June '10 – Current

I have been operating as a freelance designer and photographer for over a year whilst in education. During that time I have worked for various sizes of clients on both digital and print projects.

Innovation LAB Groningen 2011
June '11

A week long creative exchange program in Groningen, Netherlands. Our task was to research the creative parts of the city and through our own perspective create a blog to show our findings.
